Jupiter, FL 33458

Dear Mr. Brown:

I would like to take this opportunity to express my continued support for the outstanding efforts of the Loxahatchee River Preservation Initiative to protect, preserve and enhance the Loxahatchee River.

Through the Preservation's efforts, over \$19 million of water quality enhancement projects have been completed to date. However, many needed projects remain. Over the years, the Loxahatchee River has been negatively impacted by development, pollution and saltwater intrusion. The funding being requested during the upcoming Legislative Session is vital to continue to restore this most valuable resource.

Sincerely,
