

④ Environmental photographer Clyde Butcher on site in Martin County waterways working for the Loxahatchee River Preservation Initiative.

### Filming on Florida's wild and scenic river

Noted landscape photographer, **Clyde Butcher** was slogging through **Kitching Creek** in south Martin County recently scouting venues and shooting pictures for a poster that will help promote the **Elam Stolfus** documentary film about the Loxahatchee River. Due out later this year, the film will explore the historical and environmental significance of the Loxahatchee, the first federally designated "wild and scenic" river in the United States. The film is a project of the Loxahatchee River Preservation Initiative.
